### 📦 產品特色

「茂谷柑」是由英文Murcott音譯而來，具有茂盛山谷之意。果實扁圓形，果徑約7~8公分，兼色橙黃，果皮薄而光滑強韌。果肉酸甜，柔軟多汁，糖度高達14度以上，風味佳美，果實耐貯運，可生食、製果汁或果酒。

### 📦 選購指南

果形完整豐圓，果皮橙黃，有重量感、彈性者為佳。

### 🏠 食用方式

生食為主，也可榨果汁。

### 📦 營養成份

含豐富維生素C、鈣、鎂、磷、鐵等。茂谷柑性涼，具有止渴、開胃理氣之效。

### 📦 Product Features

Murcott comes directly from its Chinese translation, which means "plentiful valley." The fruit is oval in shape with a diameter of between 7~8 cm. It is an orange yellow color and the skin is thin, shiny and sturdy. The flesh is soft and juicy. It tastes sweet and sour despite possessing a sugar content are over 14%. The fruit, which is good for storage and transport, can be eaten fresh, or made into juice or wine.

### 📦 Pointers for Purchase

The best ones are round and flexible. Heaviness ensures that they are good.

### 🏠 Preparation Methods with all

Eat fresh, squeeze it into juice or make wine.

### 📦 Nutritional Value

Murcott contains Vitamin C, calcium, magnesium, phosphorus and iron. It is good for quenching thirst and whetting the appetite.
